ABOUT ME

Ground-breaking, Enthusiastic, Social and Zestful graduate in Information Technology. Can easily adapt to a synergistic environment and ready to collaborate with the company's diverse team. Adept at self motivating and also others. With an excellent communication and writing skills, I can bridge the gap between technical and nontechnical stakeholders. Can face challenges with a positive and determined mindset.

COMPLETION OF JAVA FULLSTACK DEVELOPMENT

Completed Java Full Stack Development certification. This comprehensive program equipped me with expertise in Java programming (Core Java, Advanced Java), front-end development (HTML, CSS, JavaScript, React), back-end development (Spring Boot), database management (MySQL, MongoDB), API design. Proficient in utilizing tools like Java Development Kit (JDK), Eclipse/IntelliJ IDEA, Git, Gradle, and Docker, I'm confident in my ability to design, develop, and deploy scalable, efficient, and secure full-stack applications.

ACADEMIC PROJECT

Domain: Artificial Intelligence
